

DIRECTOR OF CENTRAL INTELLIGENCE
Security Committee

SECOM-D-322

15 August 1980

MEMORANDUM FOR: Chief, Information Review Group/OS

FROM:
Executive Secretary

SUBJECT: Release of SECOM Working Group
Report on Survey of Investigations

1. In connection with the request for release of subject material under the Freedom of Information Act, it is believed that the request should be denied.

2. This subject study is the product of a Working Group tasked by the Security Committee to perform a survey. Their product is considered to be a working document to be delivered to the Security Committee for their consideration of completeness, accuracy, possible classification needs and satisfaction of tasking. The Security Committee has not yet completed its review toward determination of these points.

3. Accordingly, it is my considered opinion that the subject material is a partial effort, not yet complete and as such, withholdable under appropriate sections of the Freedom of Information Act.

4. It is requested that this material not be released.

There is some consideration that the Security Committee actions on the Investigation survey document has not been completed and thus the material is working copy subject to possible additional correction, modification and perhaps classification on review of the final product.

Accordingly, I request in the attached that the request for release of this document be denied.
